ABOUT US

get familiar

We are pioneers in comprehensive Logistics services with long-standing experience in creating sustainable strategies for supply chain optimization.

Our efficient, experienced and enthusiastic team, with a strength of over 50, is headed by **Mr. Rakesh Sharma**.

Rakesh was enlisted in the Indian Navy and served the nation for more than 10 years before applying his leadership acumen to management and logistics. He has worked with leading corporate brands like *Glaxo Smithkline, Barista, Ballarpur Industries, bestylish.com, 99 labels and next.co.in*, for over a decade.

OUR TARGET DRIVEN APPROACH HAS LED US TO FOSTER SUCCESSFUL WORKING RELATIONSHIPS

SCM For You bears the unique stamp of his military background and corporate savvy. Under Rakesh's able guidance, SCM For You has forged a culture that is focused on meticulous planning, paying attention to detail, strict adherence to timelines, accountability and complete professionalism.

We strive to provide all our customers with sustainable, transformative changes that help their business scale new heights.

Our mission is to reduce time lags, avoid overlaps, increase savings and decrease costs, which slow you down on the path to success.

WHY SCM FOR YOU

We provide world-class supply chain solutions that are tailor made to suit your business needs. Our wide and established network of integrated logistics services gives us the capability to handle all your logistics requirements, right from the stage of production till your products reach the end customer, and even beyond that.

Our focus is to help our customers succeed with the most intelligent, innovative and effective logistics strategies. We have created user-friendly, state-of-the-art online web portals, mobile apps and services that offer an unparalleled flexibility, comfort and control to our customers.

SUPERIOR CUSTOMER SATISFACTION

Tailor-made logistics solutions for your business, including the provision of 3PL services.

END-TO-END SUPPLY CHAIN SOLUTIONS

Swift, reliable and efficient movement of goods and products, supported by a wide, robust network.

REDUCED LEAD TIMES

We offer best-in-class infrastructure to mobilise your business and ensure fast, problem-free and safe distribution of your goods.

SMART STORAGE FACILITIES

A sophisticated inventory system lowers operational costs and ensures your goods are in safe hands.

ROBUST CUSTOMER SUPPORT

Access to a team of professionals who can assist in designing and implementing a supply chain strategy that suits your needs.

OPTIMAL FINANCIAL PERFORMANCE

The most competitive distribution costs, which may vary with demand without compromising service levels.
